Office-to-Office Connect®

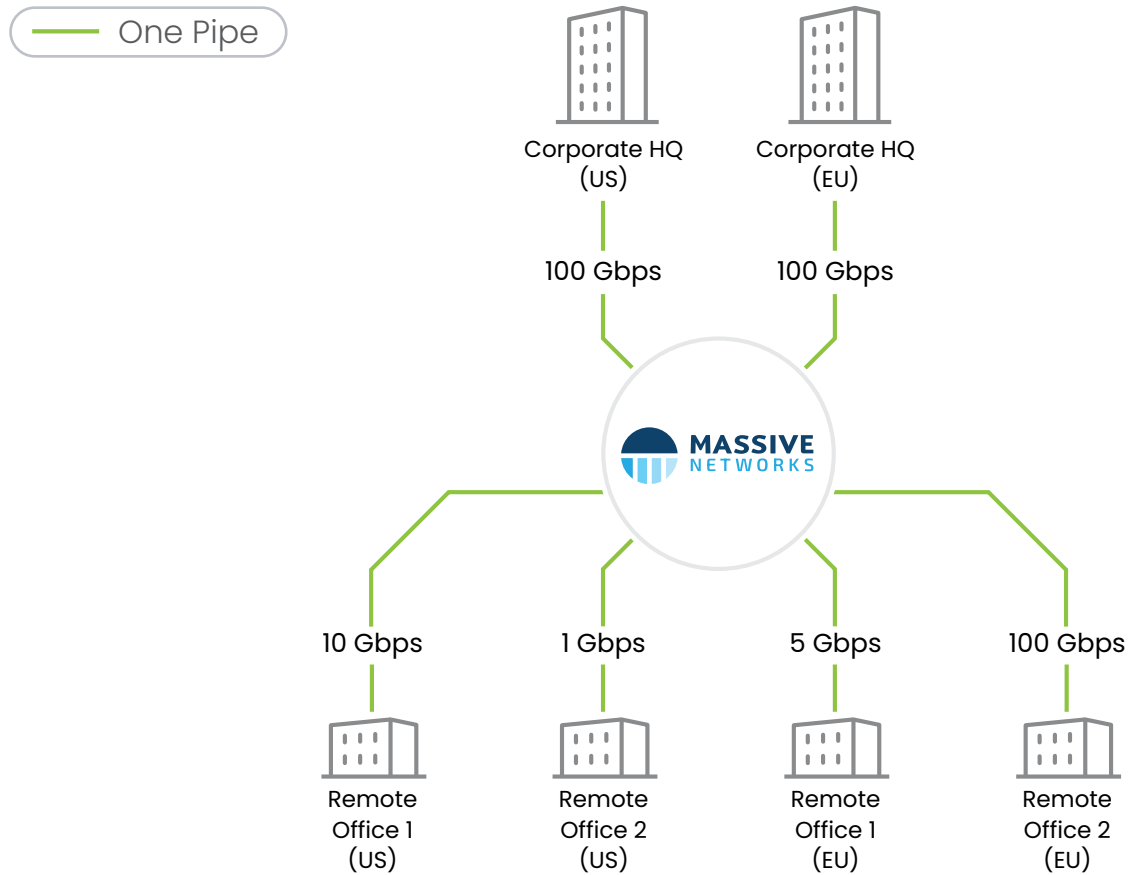

Enterprise Networking Transformed

The shift towards distributed work forces necessitates agile and reliable connectivity. Office-to-Office Connect® by Massive Networks is designed to provide a reliable, secure, and simple carrier backbone across multiple office locations, facilitating seamless communication and resource sharing.

One Pipe Multi-Connect®: Office-to-Office Connect®

Reliable, Secure, & Simple Last Mile Connectivity

Massive Networks' One Pipe backbone network provides direct Layer 2 peering at configurable bandwidth between offices and branches

The Massive Advantage:

Last Mile Simplicity

Unified carrier solution for over 60 million fiber-lit locations in 58+ countries.

Incredible Flexibility

Interconnect all of your physical locations and SaaS providers with ease.

High-Speed Connectivity

Network speeds ranging from 10 Mbps to 400 Gbps.

Enhanced Security

Private circuits reduce your attack surface while enhancing performance.

Simplified Operations

Reduce carrier complexity with one carrier delivering end-to-end operational simplicity.

Complete Support

24/7/365 US-based managed NOC for continuous assistance.

Globally Reliable Infrastructure

Office-to-Office Connect® provides businesses with a reliable and private network connection across multiple office environments, utilizing an extensive global network of over 60 million

fiber-lit locations to ensure consistent, high-quality connectivity for all office locations, including remote and satellite offices.

Superior Network Security

Office-to-Office Connect® integrates advanced security protocols to safeguard data transmission across the network. It adheres to international data privacy standards, ensuring that your business information is protected against unauthorized access and cyber threats.

Scalable Network Solutions

Designed for scalability, Office-to-Office Connect® enables easy bandwidth upgrades and seamless integration of new office locations into the network, minimizing the need for recurrent network reconfiguration.

Simplified Network Management

Massive Networks is the single point of contact for all network-related operations, from setup and provisioning to billing and carrier management.

This centralized approach simplifies the complexities associated with multi-carrier network management.

Part of the Multi-Connect Suite

Office-to-Office Connect® is a component of the Multi-Connect suite, which includes **Data Center Connect**, **Cloud Connect**, and **Premium Blended Internet**. These are comprehensive solutions for modern networking needs, characterized by reliability, security, and simplicity.
